

TOWN OF THE CITY OF BLOOMINGTON, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

March 31, 2009

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Town of the City of Bloomington, Illinois, operates under a trustee form of government. The Town has coterminous boundaries with the City of Bloomington, Illinois. Therefore, in accordance with the Illinois Compiled Statutes, the City Council members automatically serve as trustees for the Town and the City's Mayor presides over Town Board meetings. The Township Supervisor is the elected chief executive officer for the Township. These financial statements present the Town of the City of Bloomington as a primary government. The Township provides the following services as authorized by state statutes: general assistance, and general administrative services.

Evergreen Memorial Cemetery is included in these financial statements as a discretely presented component unit. A separate Board of Trustees appointed by the Mayor of the City of Bloomington, Illinois governs the operations of the Cemetery. However, the Cemetery is financially dependent on the Township and has no independent power to contract bonded indebtedness or to levy taxes. A complete set of financial statements for the Cemetery may be obtained from the Evergreen Cemetery office, 302 E. Miller Street, Bloomington, Illinois 61701. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Township. The discretely presented component unit has a February year-end. The discretely presented component unit operates a cemetery.

The criteria of oversight responsibility, special financing relationships, and scope of public service was used in determining the agencies or entities that comprise the Township for financial reporting purposes. Oversight responsibility is determined by the extent of financial interdependency, control over the selection of the governing operations, and accountability for fiscal matters. The accounting policies of the Town of the City of Bloomington, Illinois, conform to generally accepted accounting principles as applicable to governments except that all funds are accounted for on the modified cash basis of accounting instead of reporting on the modified accrual basis or accrual basis of accounting.

BASIS OF PRESENTATION

A. Basic Financial Statements

The Township's basic financial statements include both government-wide (reporting the township as a whole) and fund financial statements (reporting the Township's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental activities.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Government-Wide Statements

The Statement of Net Assets Arising from Cash Transactions and the Statement of Activities Arising from Cash Transactions present financial information about the reporting government as a whole. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting on internal transactions. Governmental activities generally are financed through taxes and intergovernmental revenues.

The Statement of Activities Arising from Cash Transactions reports both the gross and net cost of each of the Town's functions. Gross program expenses (including depreciation) are offset by direct program revenues that are directly associated with the function (general government, highways and streets, public assistance, cemetery, etc.). The net costs (by function) are normally covered by general revenue (property or utility taxes, intergovernmental revenue, interest income, etc.).

This government-wide focus is more on the sustainability of the Township as an entity and the change in the Township's net assets resulting from the current year's activities.

Fund Accounting

The financial transactions of the Township are reported in individual funds, which are all major funds in the fund financial statements. Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses, as appropriate. The various funds are reported by generic classification within the financial statements. The following are the Township's governmental fund types:

Governmental Funds

The focus of the governmental funds' measurement (in the funds statements) is upon determination of financial position and changes in financial position rather than upon net income. The following is a description of the governmental funds of the Township:

Town Fund – is the general operating fund of the Township. It is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds – are used to account for the proceeds to specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

The emphasis in fund financial statements is on the major funds in the governmental activities category. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category of the governmental activities) for the determination of major funds. The Township has no non-major funds.

B. Significant Accounting Policies

Basis of Accounting

Revenue and expenditures of governmental fund types are recognized on the modified cash basis of accounting.

Revenue is recognized in the accounting period when it is received.

Expenditures are generally recognized in the accounting period when obligations are paid, with the exception of capital purchases. Capital purchases are recognized in the government-wide statement at full cost including payments made during the fiscal year plus any financing used to complete their purchase.

Investments

Investments are stated at their fair value, (quoted market price or the best available estimate).

Property and Equipment

Equipment purchased or acquired with an original cost of \$5,000 or more, and buildings costing in excess of \$10,000 are capitalized at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays, where cost meets the Township's capitalization policies and significantly extend the useful life of an asset, are also capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and Infrastructure	40 years
Machinery and Equipment	7 years
Cemetery Infrastructure	40 years

GASB No. 34 requires the Township to report and depreciate new infrastructure assets prospectively, effective with the beginning of the current year. Infrastructure assets include roads, bridges, underground pipe (other than those related to utilities), traffic signals, etc. It is unlikely that the Township will ever have any infrastructure assets since the Township is coterminous with the City of Bloomington, Illinois', which is responsible for the infrastructure.

Property and Other Taxes

The Township's property tax is levied each year on all taxable real property located within the Township boundaries on or before the last Tuesday in December. The Board of Trustees passed the 2008 levy on November 24, 2008 in amounts deemed necessary to defray necessary expenses and liabilities for the year ended March 31, 2009. Property taxes attached as an enforceable lien on property as of January 1, 2008 and are payable in two installments each year in June and September.

Discretely Presented Component Unit

Evergreen Memorial Cemetery (Cemeteries of the Town of the City of Bloomington, Illinois), maintains a general operating fund and two fiduciary funds for private trusts. The fiduciary funds are used to account for specific revenue sources that are legally restricted to expenditures for specified purposes.

NOTE 2 – BUDGET AND BUDGETARY ACCOUNTING

The budget or appropriation ordinance is adopted on a cash basis. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 24, 2008, covered appropriations for the general and special revenue funds. The appropriation ordinance for the Cemeteries of the Town of the City of Bloomington, Illinois, was adopted on March 4, 2008, and covered appropriations for the cemetery operating fund.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

- (a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.
- (b) Public hearings are held to obtain taxpayer comments.
- (c) The budget is legally enacted through passage of an ordinance during the first three months of the fiscal year.
- (d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.
- (e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.
- (f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.

NOTE 3 – CASH AND CASH INVESTMENTS

The Township's cash and investments are maintained in accounts fully covered by the Federal Deposit Insurance Corporation or The Illinois Funds.

State statutes authorize the Township to make deposits in interest bearing depository accounts in federally insured and/or state chartered banks and savings and loan associations, or other financial institutions as designated by ordinances, and to invest available funds in direct obligations of, or obligations guaranteed by, the United States Treasury or agencies of the United States, money market mutual funds whose portfolios consist of governmental securities, Illinois Funds Money Market Fund and annuities.

Flexible Premium Deferred Annuities by Component Unit

The Cemetery Board approved the purchase of two, single premium, \$100,000 annuities. Evergreen Memorial Cemetery is the owner and R. Gene Keister is the annuitant.

One annuity, which matures two years from the contract date, guarantees interest at 5.05% for two years and 3.00% thereafter. The second annuity, which matures in one year, guarantees interest at 5.00% for one year and 3.00% thereafter. Both annuities are subject to a 5% early withdrawal charge until the respective maturity dates.

Component Unit Activities

On February 25, 2008, the Board of Trustees for the Township approved Ordinance No. 2008-01 authorizing the issuance of General Obligation (Limited Tax) Debt Certificates, Series 2008 not to exceed \$688,725 to finance Cemetery township facilities. Proceeds from the debt are being disbursed directly to the Cemetery's contractors for construction of a new mausoleum. The debts is included as part of the discretely presented component unit of the Township. There was no levy and extension of taxes for repayment of the certificates. The Cemetery plans to pay the certificates from its general revenues. The certificates bear interest 4.5%. Interest only is due on a monthly basis for the first twelve monthly payments. Then, forty-eight level monthly payments including principle and interest, amortized over a fifteen year period, are due with a sixtieth monthly installment payment for the remaining principal and interest. The Township has the option to redeem the certificates in any amount prior to the stated due date. The total amount outstanding at February 28, 2009 was \$593,416.

NOTE 6 – RETIREMENT PLANS

ILLINOIS MUNICIPAL RETIREMENT PLAN

Plan Description

The Township's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement (IMRF), an agent-multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy

As set by statute, employer Regular plan members are required to contribute 4.5 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2008 was 9.64 percent of annual covered payroll. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost.

For 2008, the employer's pension cost of \$89,465 for the Regular plan was equal to the employer's required and actual contributions.

NOTE 6 – RETIREMENT PLANS - continued

ILLINOIS MUNICIPAL RETIREMENT PLAN - continued

The required contribution for 2008 was determined as part of the December 31, 2006, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2006, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 11.6% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of the employer Regular plan assets was determined using techniques that spread the effect of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability is being amortized as level percentage of projected payroll on a closed basis. The remaining amortization period at the December 31, 2006 valuation was 24 years.

Funded Status and Funding Progress

As of December 31, 2008, the most recent actuarial valuation date, the Regular plan was 81.00 percent funded. The actuarial accrued liability for benefits was \$2,611,332 and the actuarial value of assets was \$2,115,098, resulting in an underfunded actuarial accrued liability (UAAL) of \$496,234. The covered payroll (annual payroll of active employees covered by the plan) was \$928,060 and the ratio of the UAAL to the covered payroll was 53 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 7 – OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure, as part of the Combined Statement – Overview, of certain information concerning individual funds including:

- A. There were no individual funds inter-fund receivable and payable balances at March 31, 2009.
- B. There were no deficit Fund balances or retained earnings balances of individual funds at March 31, 2009.

NOTE 8 - VACATION AND SICK LEAVE

The Township provides full-time employees with vacation and sick leave in varying amounts. Vacation and sick pay expenses are charged to operations when taken by the employee. The Township has not recorded this liability, which totals \$26,833.

NOTE 9 – INTERGOVERNMENTAL AGREEMENT

The Township provides space for the Scott Estate Health Resource Center, a program operated by the Town of the City of Bloomington, Illinois, at an annual rental of \$1 plus a pro-rata share of utilities. In addition, the City and Township agreed to cooperate in the training and sharing of employees between the Township and the Resource Center with the cost allocated, based on the time spent working for each organization.

NOTE 10 - CONTINGENCIES AND COMMITMENTS

1. Debit Cards and Disbursing Orders

The Township provides assistance to income-qualified recipients in the form of debit cards and disbursing and referral orders. At year-end, the Township was liable for \$11,169 for purchases made on the debit cards. In addition, unused balances on debit cards issued totaled \$2,092 and the total amount of unpaid general assistance disbursing, and medical and dental referral orders was \$21,450 at March 31, 2009.

2. Boundary Settlement

The Township settled a lawsuit over the automatic annexation of property from other townships whenever the City of Bloomington annexes property.

The Township agreed to pay Normal Township \$30,000 each year for 10 years. The first payment was made in fiscal 2004.

The agreements with other townships provided that they will be paid a portion of road taxes collected by the City of Bloomington based on a formula over the next ten years. The agreement also provides for the City of Bloomington and the City of Bloomington Township, beginning in 2012, to jointly pay McLean County \$10,000, for maintenance of property records. The Township's share of the obligation has not been determined.

In addition, the other townships have agreed to pay the Town of the City of Bloomington for assessment services rendered, regarding the parcels involved in the boundary dispute, on their behalf. A total of \$232,155 has been billed for services and \$166,365 collected as of year-end.

NOTES TO REQUIRED SUPPLEMENTAL INFORMATION March 31, 2009

BUDGETS AND BUDGETARY ACCOUNTING

The budget or appropriation ordinance is adopted on a cash basis. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 28, 2008, covered appropriations for the general and special revenue funds. The appropriation ordinance for the Cemeteries of the Town of the City of Bloomington, Illinois, was adopted on March 4, 2008, and covered appropriations for the general cemetery operating fund.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

(a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.

(b) Public hearings are held to obtain taxpayer comments.

(c) The budget is legally enacted through passage of an ordinance during the first three months of the fiscal year.

(d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.

(e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.

(f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.
