Where We Are Headed

The Association is looking ahead to a great year. The Executive Board is actively working on scheduling educational workshops across the State of Illinois as well as the annual General Assistance Caseworkers Conference. Our goal is to reach out to townships statewide and assist them in connecting to local community resources and services available so they can provide better service to residents.

The General Assistance Caseworkers annual Conference takes place in April providing speakers and topics on relevant and available programs .

We hope to continue to see growth in membership in the Association, provide professional training workshops and bring informative educational opportunities to members so we can continue to do great things within the Association and all Townships in the State of Illinois.
