Motion by Trustee Painter, seconded by Trustee Schmidt that the General Town Fund anticipated expenditures be approved as presented.

Ayes: Trustees Lower, Painter, Mwilambwe, Schmidt, Black, Hauman, Buragas, Fruin and Renner.

Nays: None.

Motion carried.

Appointment of Mr. Gregory Fraley and Mr. Eugene Lorch to the Evergreen Memorial Cemetery (EMC) Board of Trustees.

Deborah Skillrud, Township Supervisor, introduced Mr. Fraley, retired General Motors' employee. He will be completing Ms. Buragas' term. She also thanked Mr. Lorch for his service and acknowledged his history and experience which was valuable during this period of turnover.

Trustee Fruin expressed his appreciation for history and the knowledge Mr. Lorch brought to the Board. He inquired about guidelines, policies and procedures regarding appointments being the same for the Township as for the City of Bloomington.

Supervisor Skillrud addressed the Board. She stated that policies and procedures were not the same. The Township followed the Township Officials of Illinois Laws and Duties Handbook regarding cemetery appointments.

Trustee Fruin believed there should be consistency in philosophy between the Township and the City.

Trustee Renner noted there were some boards which cannot be imposed upon by local governmental units, such as EMC, the City's Liquor Commission and the Housing Authority. City Council exerted control and influence over City boards and commissions in order to provide consistency.

Trustee Fruin expressed his support for these appointments. He planned to revisit this topic at a later date.

Trustee Buragas noted the inability to impose City adopted terms upon the EMC Board was due to state statute. There cannot be any regulation at the Township level of government.

Trustee Renner added that boards such as the Housing Authority were not in the Township's budget and are, in theory, a separate governmental unit. Entities such as the Liquor Commission and the Housing Authority are fixed by state and federal guidelines. No matter what the Township and/or City may want to do, not much can be done in regard to these entities.

Motion by Trustee Painter, seconded by Trustee Schmidt that the appointments be approved.

Ayes: Trustees Lower, Painter, Mwilambwe, Buragas, Schmidt, Black, Hauman, Fruin and Renner.

Nays: None.

Motion carried.

Supervisor Skillrud made a presentation regarding the history of the JM Scott Health Resources Center. It included a biographical account of Judge John M. Scott and the provisions of the Declaration of Trust. A financial account of JM Scott Health Resource Center's services and a history of the program's funding were also presented, (PowerPoint on file in the Supervisor's Office). The floor was opened for questions.

Trustee Black questioned the eligibility requirement: a resident of McLean County for four (4) months with an intent to remain and enforcement of same.

Trustee Renner questioned the requirement change from the original resident eligibility which stated participants must be a McLean County resident for at least a year.

Supervisor Skillrud informed the Board the year residency in McLean County eligibility requirement resulted in insufficient numbers of eligible participants for the program.

She also planned to make a report regarding the EMC at the Board's August 24, 2015 meeting. She thanked Trustee Buragas for her service on the Cemetery Board of Trustees. Supervisor Skillrud noted the outside Auditor's Report would appear on the July 27, 2015 meeting agenda.

Trustee Renner thanked Supervisor Skillrud for her reports and responses.

Steve Scudder, Township Assessor, addressed the Board, and presented the Assessor's Report, (Report on file in the Assessor's Office). The report addressed Tax Rate Comparisons between the City of Bloomington and Town of Normal (i.e. two (2) major school districts', Unit 5 and District 87, impact upon the tax rate). He also presented figures which compared property tax bills for District 87 and Unit 5 for 2013 and 2014. Finally, tax rate comparisons within McLean County were presented for 2013 and 2014.

Trustee Renner opened the meeting to receive Public Comment. No one came forward to address the Board.

Motion by Trustee Hauman, seconded by Trustee Black to adjourn. Time: 6:57 p.m.

Motion carried (viva voce).

Cherry L. Lawson, Township Clerk

Enhancements

to your natural gas system in Bloomington

Investing in Illinois: A Nicor Gas System Improvement Initiative is a nine-year initiative to modernize aging natural gas infrastructure. Nicor Gas will be modernizing the system that delivers natural gas safely and reliably to your neighborhood and we want to keep you informed of our work. Highlighted below are the major steps involved in the project that we will soon be starting in your neighborhood.

Inspect Sewers

Sewer inspections are part of Nicor Gas' safety practices. If your sewer service is not accessible from the street, a Nicor Gas contractor will schedule an appointment to inspect the sewer line from inside your property. There will be no interruption to your natural gas or sewer service during the inspection. Vital information from the inspection will be marked on lawns and sidewalks with spray paint.

Identify New Meter Location & Utilities

Nicor Gas, or our contractor, will contact you to schedule an appointment to locate your existing natural gas line and natural gas meter. We will identify where the new meter(s) will be placed outside of your property, if applicable, and locate your existing natural gas line. Any obstruction (drywall, furniture, enclosures) must be removed before the appointment so we can access your natural gas piping.

During this step, water, sewer, electric and cable utilities will also be located and identified with spray painted markings and colored flags. It is important that these markings always remain visible for your safety. Private utility lines, such as sprinkler systems, are your responsibility to identify and mark at the time other utilities are marked.

For Your Safety

These improvements are part of the Natural Gas Consumer, Safety & Reliability Act and costs are recovered under the Qualified Infrastructure Charge. All Nicor Gas employees and contractors will have Nicor Gas or AGL Resources-issued ID cards and will present them if requested.

Install the Natural Gas Main

Nicor Gas will install a new natural gas main in your neighborhood.

Install the Natural Gas Line

Nicor Gas will install a new natural gas line that connects your property to the natural gas main. Utilities may again be marked with spray paint and flags.

Connect the System & Retire Facilities

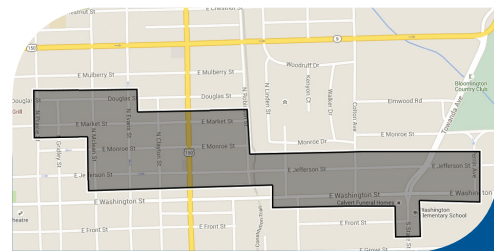

Nicor Gas will contact you to schedule an appointment to move your natural gas meter outside and reconfigure your inside piping. Your natural gas will remain off for approximately three hours. If there is more than one meter, the process may take longer. As a safety measure, we will remove or seal the retired natural gas line at the point it enters your property.

Restore Landscaping & Pavement

We understand that you value the appearance of your property. Nicor Gas will restore landscaping and paving impacted by our construction to the condition in which we found it. Temporary restoration of some areas may be necessary until permanent restoration can be completed.

Our Commitment

We take great care in implementing construction practices that limit disturbances and we understand your time is valuable. We appreciate your understanding and thank you for allowing us to continue to provide you with safe and reliable natural gas service.
