Deborah Skillrud, Township Supervisor, addressed the Board. The Township planned to apply for a John M. Scott grant. The Health-E Program is a community wellness collaboration centered on education, empowerment and enrichment for the prevention of chronic disease. Township staff was researching the purchase of a box truck for the POTS, (Promoting Others to Succeed), program. The Township's annual audit would appear on the Board's September 23, 2019 meeting agenda.

Trustee Mathy questioned needing additional time for the audit presentation. Mrs. Skillrud responded negatively.

Steve Scudder, Assessor, addressed the Board. Assessments had been turned into the County Supervisor of Assessments. He noted that the City Township received a multiplier of 1. He also provided tips for citizens filing Property Assessment Complaints.

Trustee Crabill questioned home values disputes. Mr. Scudder responded appropriately.

Trustee Renner opened the meeting to receive Public Comment. No one came forward to address the Board.

Motion by Trustee Mwilambwe, seconded by Trustee Black to adjourn. Time: 5:52 p.m.

Motion carried (viva voce).

INDEPENDENT AUDITORS' REPORT

Board of Trustees Town of the City of Bloomington, Illinois

We have audited the accompanying financial statements of Town of the City of Bloomington, Illinois, as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion on Modified Cash Basis of Accounting

Disclosures required by the Governmental Accounting Standards Board Statement 45, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pension*, have been omitted in these financial statements. The amount by which this disclosure would affect the financial statements is not reasonable determinable.

Qualified Opinion on Modified Cash Basis of Accounting

In our opinion, except for the effect of the matter describe in the "*Basis for Qualified Opinion on Modified Cash Basis Accounting*" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position—modified cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of the City of Bloomington, Illinois, as of March 31, 2019, and the respective changes in financial position—modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Information and Statistical Section

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of the City of Bloomington, Illinois' financial statements. The other information and statistical sections are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS TO GOVERNMENTAL FUND STATEMENTS

March 31, 2019

Total Fund Balance - Total Governmental Funds	\$	2,148,656
Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:		
Capital Assets Used in Governmental Activities are Not Current Financial Resources and Therefore are Not Reported in the Governmental Funds Balance Sheet.		<u>552,283</u>
Net Position of Governmental Activities	\$	<u>2,700,939</u>
Net change in fund balances - total governmental funds	\$	168,019
Amounts reported for governmental activities in the statement of activities are different because:		
Depreciation expense on capital assets is reported in the government- wide statement of activities and changes in net assets, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditure in governmental funds.		(25,066)
The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also Governmental funds report the effect of issuance cost, premiums, discounts, and similar items when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items

NOTES TO FINANCIAL STATEMENTS

March 31, 2019

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Town of the City of Bloomington, Illinois, operates under a trustee form of government. The Town has coterminous boundaries with the City of Bloomington, Illinois. Therefore, in accordance with the Illinois Compiled Statutes, the City Council members automatically serve as trustees for the Town and the City's Mayor presides over Town Board meetings. The Township Supervisor is the elected chief executive officer for the Township. These financial statements present the Town of the City of Bloomington as a primary government. The Township provides the following services as authorized by state statutes: general assistance and general administrative services.

Evergreen Memorial Cemetery is included in these financial statements as a discretely presented component unit. A separate Board of Trustees appointed by the Township Board governs the operations of the Cemetery. However, the Cemetery is financially dependent on the Township and has no independent power to contract bonded indebtedness or to levy taxes. A complete set of financial statements for the Cemetery may be obtained from the Township office, 607 S. Gridley Street, Bloomington, Illinois 61701. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Township. The discretely presented component unit has a March year-end. The discretely presented component unit operates a cemetery.

The Township considered whether the John M. Scott Health Care Trust should comprise part of the Township for reporting purposes. The Township determined that although the Township implements and operates programs and services provided by the Trust from its offices through an intergovernmental agreement, the City of Bloomington, as Trustee has the oversight responsibility for the Trust, and therefore, the Trust should not be considered a part of the Township for financial reporting purposes. The Township has included a fiduciary financial statement of the Trust as an Agency Fund.

The criteria of oversight responsibility, special financing relationships, and scope of public service was used in determining the agencies or entities that comprise the Township for financial reporting purposes. Oversight responsibility is determined by the extent of financial interdependency, control over the selection of the governing operations, and accountability for fiscal matters. The accounting policies of the Town of the City of Bloomington, Illinois, conform to generally accepted accounting principles as applicable to governments except that all funds are accounted for on the modified cash basis of accounting instead of reporting on the modified accrual basis or accrual basis of accounting.

BASIS OF PRESENTATION

A. Basic Financial Statements

The Township's basic financial statements include both government-wide (reporting the township as a whole) and fund financial statements (reporting the Township's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental activities.

TOWN OF THE CITY OF BLOOMINGTON, ILLINOIS

NOTES TO FINANCIAL STATEMENTS – CONTINUED March 31, 2019

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Government-Wide Statements

In the government-wide financial statements, the governmental activities columns (a) are presented on a consolidated basis by column, (b) and are reported on the modified cash, economic resource basis, which recognizes all long-term assets as well as long-term debt. The Township's net position is reported in three parts—invested in capital assets net of related debt; restricted net assets; and unrestricted net assets. The Township first uses restricted resources to finance qualifying activities.

The Statement of Net Assets - Modified Cash Basis and the Statement of Activities - Modified Cash Basis present financial information about the reporting government as a whole. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting on internal transactions. Governmental activities generally are financed through taxes and intergovernmental revenues.

The Statement of Activities - Modified Cash Basis reports both the gross and net cost of each of the Town's functions. Gross program expenses (including depreciation) are offset by direct program revenues that are directly associated with the function (general government, highways and streets, public assistance, cemetery, etc.). The net costs (by function) are normally covered by general revenue (property or utility taxes, intergovernmental revenue, interest income, etc.).

This government-wide focus is more on the sustainability of the Township as an entity and the change in the Township's net assets resulting from the current year's activities.

Fund Accounting

The financial transactions of the Township are reported in individual funds, which are all major funds in the fund financial statements. Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses, as appropriate. The various funds are reported by generic classification within the financial statements. The following are the Township's governmental fund types:

Governmental Funds

The focus of the governmental funds' measurement (in the funds statements) is upon determination of financial position and changes in financial position rather than upon net income. The following is a description of the governmental funds of the Township:

Town Fund – is the general operating fund of the Township. It is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds – are used to account for the proceeds to specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes. The General Assistance fund accounts for tax levies restricted for assistance to individuals and families in need.

TOWN OF THE CITY OF BLOOMINGTON, ILLINOIS

NOTES TO FINANCIAL STATEMENTS – CONTINUED March 31, 2019

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The emphasis in fund financial statements is on the major funds in the governmental activities category. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category of the governmental activities) for the determination of major funds. The Township has no non-major funds.

Fiduciary Funds

Trust Funds – are used to account for the proceeds from private sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

Agency Fund – was used to administer the John M. Scott Health Resources Center assistance program in McLean County through an intergovernmental agreement with the City of Bloomington. The program has ended and the funds will be returned to the City.

B. Significant Accounting Policies

Basis of Accounting

Revenue and expenditures of governmental fund types are recognized on the modified cash basis of accounting.

Revenue is recognized in the accounting period when it is received.

Expenditures are generally recognized in the accounting period when obligations are paid, with the exception of capital purchases. Capital purchases are recognized in the government-wide statement at full cost including payments made during the fiscal year plus any financing used to complete their purchase.

Investments

Investments are stated at their fair value, (quoted market price or the best available estimate).

Property and Equipment

Equipment purchased or acquired with an original cost of \$5,000 or more, and buildings costing in excess of \$10,000 are capitalized at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays, where cost meets the Township's capitalization policies and significantly extend the useful life of an asset, are also capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and Infrastructure	40 years
Machinery and Equipment	7 years
Cemetery Infrastructure	40 years

GASB No. 34 requires the Township to report and depreciate new infrastructure assets prospectively. Infrastructure assets include roads, bridges, underground pipe (other than those related to utilities), traffic signals, etc. It is unlikely that the Township will ever have any infrastructure assets since the Township is coterminous with the City of Bloomington, Illinois', which is responsible for the infrastructure.

Resource Utilization

The Township first applies restricted resources to expenses when both restricted and unrestricted net position is available. Similarly, the most limiting classification of committed, assigned, or unassigned amounts are considered to have been spent when an expenditure is incurred for which any of those could be used.

Property and Other Taxes

The Township's property tax is levied each year on all taxable real property located within the Township boundaries on or before the last Tuesday in December. The Board of Trustees passed the 2017 levy on November 29, 2017 in amounts deemed necessary to defray expenses and liabilities for the fiscal year ended March 31, 2018. Property taxes attached as an enforceable lien on property as of January 1, 2017 and are payable in two installments in the following year in June and September. On November 28, 2018, the Board passed the 2018 Levy which will be collected during the fiscal year ended March 31, 2019.

Program Revenues

The Township receives program revenue from providing services to the discrete component unit and other townships by intergovernmental agreement as follows:

Administrative Services

Discretely Presented Component Unit

Evergreen Memorial Cemetery (Cemeteries of the Town of the City of Bloomington, Illinois), maintains a general operating fund and two fiduciary funds for private trusts. The fiduciary funds are used to account for specific revenue sources that are legally restricted to expenditures for specified purposes. The Cemetery reimburses the Town Fund for personnel expenses related to services provided by the fiscal office.

Government Fund Balance Reporting

Government Accounting Standards require government fund balances to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Fund balances in the governmental fund statements have been restated as of the beginning of the fiscal year to reflect changes in presentation. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the township all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The township has several revenue sources received within different funds that also fall into these categories such as property taxes, state grants, interest, charges for services, and/or insurance reimbursement. The General Assistance funds and Cemetery funds are restricted by the enabling legislation for property tax levies.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision making authority (the Board of Trustees). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The Board of Trustees commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. There were no committed fund balances.

Government Fund Balance Reporting- Continued

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the Board of Trustees or (b) the budget or finance committee or (c) an official to which the Board has delegated the authority to assign amounts to be used for specific purposes. There were no assigned fund balances.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amount in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 2 – BUDGET AND BUDGETARY ACCOUNTING

The budget or appropriation ordinance is adopted on a cash basis. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 27, 2018, covered appropriations for the general and special revenue funds as well as Evergreen Memorial Cemetery, a discretely presented component unit of the Town of the City of Bloomington, Illinois.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

(a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.

(b) Public hearings are held to obtain taxpayer comments.

(c) The budget is legally enacted through passage of an ordinance no later than during the first three months of the fiscal year.

(d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.

NOTE 2 – BUDGET AND BUDGETARY ACCOUNTING – CONTINUED

(e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.

(f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.

NOTE 3 – CASH AND CASH INVESTMENTS

Permitted Deposits and Investments -Illinois statutes and the Township's investment policy authorizes the Township to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, interest-bearing bonds of the State of Illinois or any county, township, or municipal corporation of the State of Illinois, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and The Illinois Funds (a money market fund created by the State of Illinois under the State Treasurer that maintains a \$1 per share value).

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, Certain External Investment Pools and Pool Participants, and thus, reports all investments at amortized cost rather than market value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

The Township has formally adopted deposit and investment policies that limit its allowable deposits or investments and address the specific types of risks to which the Township is exposed. State statutes authorize the Township to make deposits in interest bearing depository accounts in federally insured and/or state chartered banks and savings and loan associations, or other financial institutions as designated by ordinances, and to invest available funds in direct obligations of, or obligations guaranteed by, the United States Treasury or agencies of the United States, money market mutual funds whose portfolios consist of governmental securities, and Illinois Funds Money Market Fund.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. One of the ways the cemetery addresses risk is the use a professional investment advisors.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer on an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The cemetery's deposits with financial institutions are not subject to credit risk rating.

General Obligation Debt Certificates

On February 25, 2008, the Board of Trustees for the Township approved Ordinance No. 2008-01 authorizing the issuance of General Obligation (Limited Tax) Debt Certificates, Series 2008 not to exceed \$688,725 to finance Cemetery township facilities. The debt is included as part of the discretely presented component unit of the Township. There was no levy and extension of taxes for repayment of the certificates. The Cemetery plans to pay the certificates from its general revenues. The certificates original interest rate was 4.5%, however, the township refinanced the certificates on September 9, 2013 at a new interest rate of 3.10%. Beginning March 25, 2009, interest only was due on a monthly basis for the first twelve monthly payments. The revised monthly payments including principle and interest, are amortized over the remainder of the fifteen year period. The Township has the option to redeem the certificates in any amount prior to the stated due date. The total amount outstanding at March 31, 2019 was \$144,783.

The annual aggregate maturities for general obligation debt certificates for the years subsequent to March 31, 2019, are as follows:

NOTE 6 – RETIREMENT PLANS

ILLINOIS MUNICIPAL RETIREMENT PLAN

IMRF Plan Description

The Township's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Township's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

At December 31, 2018, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	27
Inactive, non-retired members	14
Active members	<u>22</u>
Total	<u>63</u>

Contributions

As set by statute, Township regular plan members are required to contribute 4.5% of their annual covered salary. The statutes require the Township to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Township's annual required contribution rate for the calendar year 2018 was 12.61%. The Township also contributes for disability benefits, death benefits, and supplemental retirements benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The Township's net pension liability, \$1,136,300, was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine the 2018 Contribution Rates:

- Actuarial Cost Method: Aggregate Entry Age Normal
- Amortization Method: Level Percentage of Payroll, Closed
- Remaining Amortization Period: Non-Taxing bodies: 10-year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 25-year closed period. Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 20 years for most employers (two employers were financed over 29 years).
- Asset Valuation Method: 5-Year smoothed market; 20% corridor
- Wage growth: 3.50%
- Price Inflation: 2.75%
- Salary Increases: 3.75% to 14.50% including inflation
- Investment Rate of Return: 7.50%
- Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011 - 2013.

- **Mortality:** For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

There were no benefit changes during the year.

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on Bond Buyer Index, general obligation, 20-years to maturity, mixed quality general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25%.

The Township's pension expense for the current fiscal year on a modified cash basis is \$142,211. Pension expense for calendar year 2017 reported on an accrual basis was \$65,001.

NOTE 7 – OTHER INDIVIDUAL FUND DISCLOSURES

A. The Cemetery (discrete component unit) employees participate in the IMRF pension plan and reimburse the Town for their share of employer costs incurred. In addition, the Cemetery reimburses the Town for services provided by the fiscal office. There were no individual fund inter-fund receivable and payable balances at March 31, 2019 between the Town fund and the Cemetery Fund component unit.

B. There were no deficit fund balances of individual funds at March 31, 2019.

TOWN OF THE CITY OF BLOOMINGTON, ILLINOIS

NOTES TO FINANCIAL STATEMENTS – CONTINUED March 31, 2019

NOTE 8 - VACATION AND SICK LEAVE

The Township provides full-time employees with vacation and sick leave in varying amounts. Vacation and sick pay expenses are charged to operations when taken by the employee. The Township has not recorded the liability for vacation, which totals \$35,404 on March 31, 2019.

NOTE 9 – INTERGOVERNMENTAL AGREEMENT

The Township provided space for the John M. Scott Health Resource Center, a program operated by the Town of the City of Bloomington, Illinois, at an annual rental of \$1 plus a pro-rata share of utilities. In addition, the City and Township agreed to cooperate in the training and sharing of employees between the Township and the Resource Center with the cost allocated, based on the time spent working for each organization. This agreement was terminated effective July 31, 2018.

NOTE 10 - CONTINGENCIES AND COMMITMENTS

1. Debit Cards and Disbursing Orders

The Township provides assistance to income-qualified recipients in the form of debit cards, disbursing orders and referrals. At year-end, the Township was liable for \$6,760 for purchases made on the debit cards. In addition, unused balances on debit cards issued totaled \$2,309 and the total amount of unpaid general assistance disbursing orders was \$1,333 at March 31, 2019.

NOTE 11 – ACTIVITIES BETWEEN PRIMARY GOVERNMENT AND COMPONENT UNIT

The Township and its component unit, Evergreen Memorial Cemetery, file and make pension contributions together. The Cemetery reimburses the General Fund for its share of the obligation on a monthly basis. Any amounts in due to/from accounts are for IMRF withholdings from Evergreen Memorial Cemetery employees that have not been transferred to the Township general fund for remittance. The Cemetery is purchasing employee benefits through the Township; these include health, dental and vision insurance for full-time, permanent employees, Section 125 Cafeteria plan for pre-tax insurance benefits and Flexible Spending Accounts.

NOTE 12 – SUBSEQUENT EVENTS

Management evaluated subsequent events occurring through September 18, 2019, which represents the date the financial statements were available to be issued.

NOTES TO OTHER INFORMATION

March 31, 2019

NOTE 1 – BUDGET AND BUDGETARY ACCOUNTING

The budget or appropriation ordinance is adopted on a modified cash basis, which is the basis of accounting followed by the Township when preparing its financial statements. The appropriation ordinance for the Town of the City of Bloomington, Illinois, which was adopted on March 27, 2018, covered appropriations for the general and special revenue funds as well as Evergreen Memorial Cemetery, a discretely presented component unit of the Town of the City of Bloomington, Illinois.

The Township follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

(a) Prior to the beginning of a fiscal year, the Township Supervisor submits to the Board of Trustees a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on a cash basis.

(b) Public hearings are held to obtain taxpayer comments.

(c) The budget is legally enacted through passage of an ordinance no later than during the first three months of the fiscal year.

(d) Any budget amendments are approved by the Town Board of Trustees. Transfers of more than 10% of fund appropriations require a repetition of the entire budget process.

(e) Appropriations lapse at the end of the fiscal year. The level of control for each budget is the fund total rather than individual line items.

(f) Management makes estimates and assumptions during the preparation of financial statements. Accordingly, actual results could differ from those estimates.

Ninety-nine, (99), individuals, (66 GA and 33 Emergency Assistance/EA), attended orientation throughout the month of August. There was an increase of nineteen, (19), individuals from the previous month.

Two, (2), recipients were awarded Supplemental Security Income, (SSI), in the month of August. Township received \$2,276 in reimbursement.

Cemetery: Twenty-five, (25), years ago, the McLean County Museum of History, Evergreen Memorial Cemetery, and Illinois Voices Theatre—Echoes came together to solve a growing problem in our community—cemetery vandalism. Leaders at these entities realized there was an unmet need in our community to educate the public, especially students, about the importance of preserving and respecting cemeteries as part of our collective history. Cemetery vandalism was a major problem, particularly in Evergreen Memorial Cemetery, Bloomington's oldest cemetery. Thus began the Evergreen Cemetery Walk with the mission of preventing further vandalism by teaching members of the community about the historical importance of cemeteries and the need to treat them with respect and reverence. This plan was accomplished by using the voices of the people who are buried in Evergreen Memorial Cemetery, individuals who helped shape and create our local history. This year's Walk will be held on October 5th & 6th and 12th & 13th at 11:00 a.m. and 1:00 p.m.
