Ms. Skillrud addressed the Board. She had prepared a monthly report. The audit process had started and was running smoothly. She wanted to recognize Tracey Covert, Township Clerk. She had failed to recognize her during the Annual Town Meeting.

She informed the Board of a collaborative effort with the McLean County Health Dept. to provide Mental Health First Aid for Youth. This was an eight (8) hour class which was targeted at parents, mental health counselors, etc. The class would be offered on May 22, 2014. The Township would be supporting this class. On June 28, 2014, Advocate BroMenn would be offering the similar class which was addressed at adults. The Township would also be supporting this class. Youth, teachers, counselors would be engaged with the case workers. The classes were limited to forty (40) participants.

Trustee Mwilambwe questioned the cost. Ms. Skillrud noted that the class was offered in Champaign at no cost and only fifty percent (50%) of the registrants attended. The cost was \$40 which would cover the cost of the book.

Steve Scudder, Township Assessor, addressed the Board. He presented information from the Annual Town Meeting. He noted the Organizational Chart for the Assessor's Office. He cited the importance of team work and the good skill set among the Assessor's Office staff.

Key figures were presented. There were over 26,000 parcels in the City. There were 24,114 residential properties and 2,376 commercial properties. Total assessed value was \$1,904,478,411. Growth in assessed value had been flat since 2011. The assessed value for 2014 was unknown. He presented a list of the Top Ten Principal Taxpayers. They represented thirteen percent (13%) of the assessed value. He also noted use of the Township Assessor's web site which addressed transparency. 2015 would be a quadrennial year.

Trustee Fruin questioned City properties which were zoned A – Agriculture. He believed that the value of farm land had doubled. Mr. Scudder believed that the County Supervisor of Assessor would address same.

Trustee Stearns was curious about the flat/declining EAV. She questioned projections regarding same. Mr. Scudder cited increased permit activity. He noted new commercial properties. There had been limited growth. His office was working on 2014.

Trustee Stearns questioned 2014 assessments. Mr. Scudder did not expect any major changes.

Trustee Fazzini cited the Township transition committee. He noted the retention of a consultant. Mr. Scudder acknowledged that Diane Crutcher had been retained as a job coach. He was learning how to focus on managing staff. His focus had been on assessing properties.

Trustee Renner opened the meeting to Public Comment. No one came forward to address the Board.

Motion by Trustee Schmidt, seconded by Trustee Fazzini to adjourn. Time: 6:46 p.m.

Motion carried, (viva voce).

Respectfully submitted,

Tracey Covert
Town Clerk

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Subject: Assessor Report

This is the time of the year our office is preparing for the valuation of the city.

The City is divided into 113 “neighborhoods” (0 to 112). The reason for neighborhood division is to reflect value differences by location. We adjust value based on the 3 year average of sales of properties within the assessment window at the time of the sale.

About half of the neighborhoods have received an adjustment of 1, which means our analysis shows that no change is needed. The remaining neighborhoods will receive either a positive or negative adjustment called a “factor”. These factors range from -2% to 4% of the assessed value.

The State of Illinois requires the county to equalize property values between townships. By adjusting the assessments within the township using a neighborhood-based location factor, we are able to maintain a tighter range of sales to the assessments within the city. This narrows the value adjustment necessary by the county.
