

Serving City of Bloomington Residents

City of Bloomington Township's purpose is to assist community members to remain or become self-sufficient. We would like to inform the community of some changes to our Emergency Assistance Program that helps families, and present an overview of the General Assistance Program that assists single adults.

City of Bloomington Township offers rent assistance, utility assistance, groceries, personal care and household supplies and more to eligible residents.

This learning experience will be great for caseworkers, interns, church benevolent committees, school and hospital social workers, probation and parole officers, to find out how City of Bloomington Township can collaborate with you to assist your clients.

**RSVP By Jan. 16th to [309-828-2356](tel:309-828-2356)
townshipoffice@cityblm.org**

Light Refreshments
