

My main computer is in the shop getting repaired which is what I am able to write a letter. I will send this email instead.

I met Nate of Green Thumb Lawncare a few years ago as I was taking my walk around the neighborhood and through Roscoe Cemetery. My wife passed August 6, 2019, and we buried her in Pinnacle Hill Cemetery. As I spend a lot of time out there I saw Nate many times mowing and maintaining the grounds. We talked and I got to know him much better. His wife teaches with my daughter-in-law in the Belvidere School District. The cemetery always looks nice and is well maintained. He mentioned that someone is trying to switch grounds keepers.

This email is in support of his continued employment as the grounds keeper. As I mentioned I see him quite often mowing and removing debris from the trees that has fallen to the ground. His years of service and high quality work should be rewarded. Please retain Nate of Green Thumb Lawncare as the Roscoe Township Cemetery Grounds Keeper.

Sincerely,

John Stuckey
