

WEBINAR

UNDERSTANDING FMCSA'S DRUG AND ALCOHOL TESTING CLEARINGHOUSE

Tuesday, November 19, 2019 - - 10 AM CST

Beginning January 6, 2020, most of the Federal Motor Carrier Safety Administration's Drug and Alcohol Clearinghouse will become operational and FMCSA-regulated employers must be ready to comply with the Clearinghouse requirements on that date.

The Clearinghouse will improve highway safety by helping employers, FMCSA, State Driver Licensing Agencies to quickly and efficiently identify drivers who are not legally permitted to operate commercial motor vehicles (CMVs) due to drug and alcohol regulation violations. This secure online database will provide access to real-time information, ensuring that drivers committing these violations complete the necessary steps before getting back behind the wheel, or performing any other safety-sensitive function.

This webinar will explain the query process and your responsibility as an employer.

Sign-in instructions will be e-mailed to you prior to the webinar. Don't delay in registering. Limited Availability

**This Webinar will be presented by Dr. Donna Smith,
Regulatory Compliance and Program Development Officer.**
