

## **Notice from the Chatham Township Assessor's Office**

The State is currently in the Phase IV portion of the Governor's plan and the Assessor's Office will be resuming our yearly property inspections. Due to the recent Covid-19 Pandemic work for the 2020 assessment year (payable in 2021) was postponed and will be limited due to the approaching county deadlines. With public health and safety concerns and many still working from home, we will be knocking on doors and leaving a door hanger. We do not require any public contact or communication with owners in order to complete our job. Property inspections are designed to update the property file information and includes but not limited to verifying measurements and updating photographs. The Chatham Police Department has been notified and is aware that we are resuming our field work. If you have any questions or concerns please contact the Assessor's Office at [chathamassessor@gmail.com](mailto:chathamassessor@gmail.com) or by phone and leave a detailed message 217-697-8365 or visit our website at <https://www.toi.org/township/sangamon-county-chatham-township/>.
